CARAVAN DIVAN TWIN ASSEMBLY INSTRUCTIONS

ENTIRELY ORIGINAL. DESIGN FOR A SUSTAINABLE CULTURE.

Made with uncompromising craftsmanship by traditional woodworkers in the USA from 100% sustainably-harvested, solid, domestic wood, the Divan is a celebration of craft and contemporary American woodworking.

The unique character of the natural material is an integral part of the design that will only improve with age and use.

As with all of our pieces, we used the most sustainable materials and methods available. This piece is manufactured in America, upholding the long-standing regional tradition of furniture making and the craftspeople who are a part of it. Designed to be as socially and environmentally responsible as it is beautiful, this piece was built to last for generations of use.

PIECES INCLUDED

End Panel
(Panneau d'extrémité)
x2

Backrest
(Panneau d'appui)
x1

Side Panel
(Panneau latéral)
x2

Mattress Slat
(Matelas latte)
x11

Mattress Support Rail
(Support de matelas)
x2

Part E
x6

Part G
x6

Part C
x12

Allen Key
x1

More fun when done with two people. Even better with an electric screwdriver.

Step 1 Frame Assembly Begin with the two Side Panels. There are two holes on each end. Insert a G dowel into the upper hole on all four ends. Also insert one G dowel on each end of the Backrest, using the larger of the two holes.

Step 2 Attaching the End Panels Place Side Panels against the End Panels, inserting parts G in available larger holes on End Panels. Insert parts E through the four bottom holes in the End Panels, passing it into the remaining holes on the ends of the Side Panels. Wait until Backrest is in place to tighten.

Step 3 Attaching Backrest Insert parts G from the Backrest into the larger hole on top of the End Panels. Insert remaining two E bolts through the End Panels and into the Backrest, tighten all six E bolts with supplied Allen Key.

Step 4 Attaching Mattress Support Rails There are two mattress height options, select your preferred height and attach Mattress Support Rails to Side Panels using parts C. Using a phillips head screwdriver, turn to tighten.

Step 5 Mattress Slats Lay Mattress Slats on top of Mattress Support Rails, using the available recesses to evenly place rails.

Enjoy!
