

KALON

CARAVAN DIVAN TWIN ASSEMBLY INSTRUCTIONS

Step 6 Mattress Slats Lay Mattress Slats on top of Mattress Support Rails, using the available recesses to evenly place rails.

Enjoy!

**ENTIRELY ORIGINAL.
DESIGN FOR
A SUSTAINABLE CULTURE.**

Made with uncompromising craftsmanship by traditional woodworkers in the USA from 100% sustainably-harvested, solid, domestic wood, the Divan is a celebration of craft and contemporary American woodworking.

The unique character of the natural material is an integral part of the design that will only improve with age and use.

As with all of our pieces, we used the most sustainable materials and methods available. This piece is manufactured in America, upholding the long-standing regional tradition of furniture making and the craftspeople who are a part of it. Designed to be as socially and environmentally responsible as it is beautiful, this piece was built to last for generations of use.

PIECES INCLUDED

End Panel
(Panneau d'extrémité)
x2

Backrest
(Panneau d'appui)
x1

Side Panel
(Panneau latéral)
x2

Mattress Slat
(Matelas latte)
x11

Mattress Support Rail
(Support de matelas)
x2

Part E
x12

Part A1
x11

Part A2
x12

Part C
x12

Allen Key
x1

More fun when done with two people. Even better with an electric screwdriver.

Step 1 Installing E Begin with the two End Panels. There are 6 holes on each panel. Screw part E into all 6 of these holes. Do this on both end panels.

Step 2 Installing A2 Insert part A2 into both holes on the short edges of each End Panel and Backrest. Face the opening in A2 that does not fit part A1 towards the smaller boring in the Side Panel.

Step 3 Attaching Side Panels Keep one End Panel on the floor and pick up one Side Panel. Pass parts E through the borings on the edge of the side panel and also through part A2. When lining up the Side Panel keep the face with six holes toward the inside of the divan. When in place install part A1 in each A2 and tighten with supplied Allen Key. Repeat this process for the other Side Panel and Backrest.

Step 4 Attaching Second End Panel Pick up the second End Panel and flip it so part E is facing down. Align all part E's with holes in the Side Panels and Backrest. Install part A1 in each A2 and tighten with supplied Allen Key. Carefully tip the divan onto its feet.

Step 5 Attaching Mattress Support Rails There are two mattress height options, select your preferred height and attach Mattress Support Rails to Side Panels using parts C. Using a phillips head screwdriver, turn to tighten.
